

Sud Academy Update

April 2016

Welcome to our first newsletter of 2016! Term one has already finished at this busy school for disadvantaged students. We hope you enjoy reading about the activities going on, and how support from donors is helping.

Report from Staff:

- 20 primary level students and 34 secondary level students have registered for their final exams at the end of the year.
- Lives continue to be transformed at the school. One young boy who joined primary level malnourished and unable to read is now thriving and will soon graduate.
- Teachers continue to give their best efforts in the classroom. Impressively, over the past 3 years, no staff member has left. This has helped create normalcy in the classroom, and shows the dedication the staff have to providing a good education to their students.
- The Government of Kenya is set to unveil a revised education structure
- Parents and guardians will be asked to contribute for the cost of water & electricity bills, salaries for 3 staff members and exam fees, so that the school is not completely reliant on donations.
- A full report of term 1 can be found on our website: <http://sudacademy.net/events/>

WellConnected is an organization providing faith-building material to the students at Sud Academy. They recently made a short video about the school.
